**ABOUT CLIMATE FORUM EAST** – This program is to strengthen the capacities of the existing Climate Forum East (CFE) networks and individual Civil Society Organisations (CSOs) in Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine. Furthermore to develop and implement adaptation plans to Climate Change on local level, to influence the National Policy dialogue in Climate change and environmental governance as well as to drive the regional exchange on acquired knowledge. Partners are the Armenian Red Cross, Azerbaijan Red Crescent, Belarus Red Cross, Georgia Red Cross, EcoContact in Moldova and in Ukraine the National Environmental Centre. **The Climate Forum East Project** is funded by the European Union, the Austrian Development Cooperation and the Austrian Red Cross. **“Local Climate”: Local climate adaptation plans and participatory vulnerability assessments in Belarus**  
The “Local Climate” project is a pioneering initiative on development local climate adaptation strategies in Belarus based on a participatory assessment of risks and opportunities related to climate change for the target communities – rural municipalities Sporovo and Motol (Brest region) and small town Chausy (Mogilev region). The initiative combines: analysis of the scientific data on climate change and potential effects conducted within a range of national and international research programmes, and participatory community assessment of the most important risks and opportunities related to climate change at the local level.
